Woodland Advisor Program

December 29, 2005

Dear SFEC members,

Too bad about the weather this past week – so much for a fluffy white holiday break and frozen ground for logging operations.

- ① Registrations are coming in for the **5<sup>th</sup> annual Forest and Wildlife Research Review**. Please encourage colleagues and staff to attend this program. The keynote speaker is Dr. Richard Stewart, a professor at University of Wisconsin Superior. Dr. Stewart will present information on current and future trends in rail, highway, marine, and intermodal transportation and subsequent impacts on the movement of round wood to finished products in the Upper Midwest. The full agenda should be on the SFEC website ([www.cnr.umn.edu/sfec](http://www.cnr.umn.edu/sfec)) by early next week.
- ① **SFEC CEU tracking:** remember that we keep track of training records for all SFEC-administered courses. If you would like to have a customized report, please feel free to contact us.
- ① The **Winter Spring 2006 Calendar of Events** was mailed last week. What do you think of the new format? Is there anything we haven't included in the hard copy that you would like to see?

Keep in touch!

Sincerely,

Louise Levy  
Coordinator
