

# SMOKE TOOLS

**March 13, 2018**

Minnesota Interagency Fire Center

Grand Rapids, MN

We are offering a one-day hands-on indoor workshop reviewing available online tools and techniques to predict and manage smoke on your prescribed burns or on wildfire response.

You will need to bring a laptop, power cord, and information from burns on your home unit (location, size, rough idea of fuels present, rough idea of prescription [winds, relative humidity], and location of smoke sensitive receptors) to use the online tools during the workshop. If you don't have this information, we can use sample or hypothetical numbers.

**Date:** Tuesday March 13, 2018

**Location:** MN Interagency Fire Center; Grand Rapids, MN

**Cost:** \$20 SFEC members, \$40 others

**Details and registration:** [z.umn.edu/smoketools](http://z.umn.edu/smoketools)
