

Minnesota Forest Stewardship Partners

The Minnesota Forest Stewardship Program provides technical advice and long range forest management planning to interested landowners. Plans are designed to meet landowner goals while maintaining the sustainability of your land. DNR, consulting, industry, and Soil and Water Conservation District foresters are available to help you meet your goals by writing a stewardship plan for your property.

Call your local DNR Forestry office (<http://www.dnr.state.mn.us/areas/forestry/index.html>) to learn more about the Forest Stewardship Program. You need to work with an approved stewardship plan writer if you intend to enroll your land into the Sustainable Forestry Incentive Act (SFIA) or 2c Managed Forest Land property tax programs. To get started contact an approved plan writer below.

John Carlson
Private Forest Management Coordinator
MN DNR Forestry
500 Lafayette Rd
St. Paul, MN 55155
